Price adjustment effective March 31st, 2025

01/31/2025

Phone:

Dear distributor partner,

We herewith announce a price adjustment which is necessary to counterbalance heightened input costs and maintain the high level of service and innovation you expect from Schaeffler.

On March 31st, 2025, we will implement an average price increase of 3.6% to our Gross Price List and Net prices. This adjustment content our general portfolio of Rotative, Linear and Lifetime Solutions. You will receive a separate communication with regard to EWELLIX products in due course.

This price adjustment applies to all new orders placed after March 30th, 2025. We are providing this information well ahead of time to facilitate any necessary preparations you may wish to undertake. Comprehensive pricing details are available in the Schaeffler Partner Portal already. Our experienced sales team stands ready to support you through this transition, ensuring a smooth implementation process.

We value your understanding and continued collaboration, and we remain committed to supporting your success with our reliable products and solutions.

Best regards,

ppa. Christian Zeidlhack
President, Industrial Europe
